GOVERNOR NASH RENOMINATED.

Credentials Committee's Report Made It Impossible for Any Opposition to Senator Hanna to Get Recognition.

Convention Hall, Columbus, O., June 25.—The Republican State Convention convened at the Auditorium here at 10 o'clock. The great hall was packed when Temporary Chairman Foraker stepped to the front. The committee on Credentials presented a report, signed by twenty of its twenty-one members, in favor of the delegation known as "the Hanna delegates" from Fayette County. The report was adopted and the only daughter of the man on the committee offered a minority report, as was generally expected.

The Committee on Permanent Organization then reported that it had selected Senator Hanna as permanent chairman and continued the rest of the temporary organization, and the report was adopted.

Hanna for Chairman.

When Senator Foraker introduced Senator Hanna as the permanent chairman there was a great demonstration. Senator Foraker introduced his colleague as the man "who knew his business and how to attend to it."

Chairman Hanna returned his thanks for

the honor, and then stated that Senator Foraker had already sounded the keynote and would continue to do so in the campaign, when all Republicans in Ohio would be with him to a man. He eulogized Foraker's speech and his record in the Senate, and said all the people in Ohio were for his re-election except the Democrats.

He insisted that the coming contest in Ohio was one of a national character and on national issues. It was the most important for the support and encouragement of the national administration.

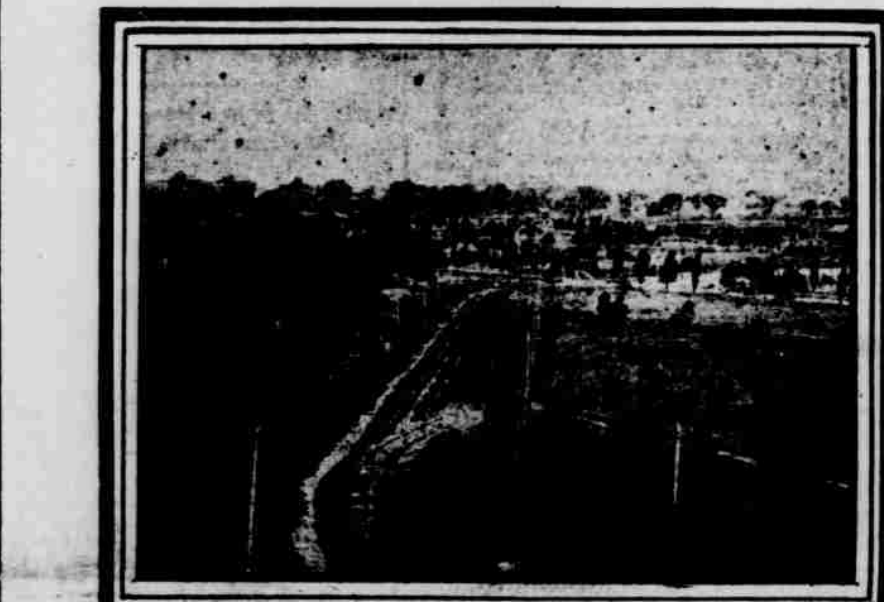

He then reviewed the first administration of President McKinley, and insisted that his second administration was still more important for the domestic, insular and foreign affairs of the country. He discussed the financial issues at length, and insisted that the country demands a continuance of confidence in the Government in order to have continued prosperity. He appealed to the Ohio Republicans to do away with all factional differences and stand by the President and his administration.

ST. LOUIS AFTER SAENGERFEST.

Large Missouri Delegation Striving to Capture Next Meeting.

REPUBLIC SPECIAL.

Buffalo, N. Y., June 25.—St. Louis is putting forth every effort to capture the Saengerfest for 1902. There is a St. Louis delegation of fully 700 in Buffalo attending the present Saengerfest and these visitors are determined, if it is possible, to get the event for their coming Exposition.

A hearty welcome was accorded the singers upon their arrival in the city and singing societies parade the streets day and night.

The societies from St. Louis who are here are:

The Rock Spring Saengerchor, the Social Saengerchor, the Apollo Gesang-Verein, the Aurora Saengerbund, the Baden Saengerbund, the Concordia Maennerchor, the Fries Maennerchor, the Gesang Section of the Liederkreis, the Harmonie Saengerbund, the Nord St. Louis Liederkreis, the Rubezahl-Frauen and the St. Louis Liederkreis.

RECTOR KELLER MAY SEEK VINDICATION.

Man Whom Thomas Barker Shot Said to Be Anxious for Church Trial.

New York, June 25.—It was said to-day by a clergyman of the Newark Diocese of the Episcopal Church, a man who enjoys the confidence of Bishop Starkey and of the Reverend John Keller of Arlington, that Mr. Keller would demand an ecclesiastical trial on the charge of outrage brought by Mrs. Thomas G. Barker, the story which was alleged to be the foundation for Barker's assault on Mr. Keller.

Mr. Keller's friend said:

"It is not the opinion of the clergy or Mr. Keller's friends that he had been vindicated. The verdict adjudging Barker guilty has not removed the tarnish which now attaches to Mr. Keller's name. The world is not satisfied that his character has been vindicated, nor does Mr. Keller himself regard the verdict as a vindication."

"Mr. Keller is too much of a man not to demand vindication. He is a priest of the church, devoted to the uplifting of humanity. He would be without influence in the world if he could not go before it clean. He cannot afford to rest under a cloud of suspicion and under such a horrible imputation. He realizes this as well as his duty to the church itself. That is why he will ask for an ecclesiastical inquiry. He will ask for the inquiry, not now, but at the proper time. He is in a weak physical state and must take care of his health, even if the world is impatient to hear from him."

POISONED BY ICE CREAM.

Eight Persons Made Violently Ill by Potomac.

Eight persons were made sick Monday night by eating ice cream.

Theodore Christner, his wife and their 4-year-old daughter of No. 2513 North Twelfth street and Mrs. Ellen Davis, a visitor from Wright City, Mo., ate heartily at supper of ice cream bought at a confectionery on Benton street. About 1:30 a. m. all were seized with violent cramps, and showed symptoms of poisoning. Doctor Whittier of No. 1108 St. Louis avenue pronounced their condition not serious.

Mrs. C. J. Anman and her sons, Edward, 8 years old, and Leo, 4 years old, of No. 2513 North Twelfth street, ate ice cream from the same store about 8 p. m. They were also attended by Doctor Whittier. The police were notified and the confectioner was instructed not to sell any more ice cream from that can.

YATES AT BUFFALO EXPOSITION

Illinois Governor and Party on a Pleasure Trip.

Buffalo, N. Y., June 25.—Governor Yates of Illinois, accompanied by Colonel Strong of his staff, and a party of twelve ladies and gentlemen, arrived here to-day by the evening Northwest to attend the Exposition. They will remain until Thursday.

NATIONAL COMMISSION EXPRESSES APPROVAL. SELECTION OF FOREST PARK SITE ANNOUNCED

Location of World's Fair at Forest Park, Members Say, Is Satisfactory and Will Be Ratified—To View the Site and Act on the Directors' Selection To-Day—Talks With Commissioners.

Board of Directors of the Louisiana Purchase Exposition Company Unanimously Approves the Choice of Executive Committee—Additional Committees Appointed—News Was Received With Great Enthusiasm.

All the members of the Louisiana Purchase Exposition Commission will have arrived in St. Louis when the meeting of the Commission, which is set for noon to-day, at the Southern Hotel, is called to order. It was made known last night by members of the Commission that the Forest Park site, as selected by the local management, will be approved at the meeting.

Ex-Senator Thomas H. Carter, president of the National Commission, arrived in St. Louis at 6:30 last night. With him was ex-Senator John M. Thurston. Both these gentlemen registered at the Southern Hotel, but Mr. Thurston left the hotel at once to visit St. Louis friends.

Mr. Carter appeared well pleased when told of the decision which had been reached by the Executive Committee in regard to a site. He expected that the principal business which the Commission would have to attend to at the present time would be the approval of the World's Fair site. He said that the Commission was anxious to forward the work on the Fair and that his fellow Commissioners would doubtless approve the site at once.

COMMISSIONERS WILL VIEW THE SITE TO-DAY.

The entire commission, with the Executive Committee and officers of the Louisiana Purchase Exposition Company, will inspect the Forest Park site this morning. The party will be carried to the grounds in the private car Electric, which will leave the Southern Hotel at 9 o'clock. The trip will be made in time to get back to the hotel by noon.

Commissioners Martin H. Glynn, George McBride and William Lindsay will arrive in the city on early trains this morning. John H. Allen reached here Monday. Commissioners Frederick A. Betts, John F. Miller and Philip D. Scott are also here.

All the Commissioners were in good health and spirits and have come prepared for hard work. They say that in spite of the hot weather the commission will not adjourn until every matter which can be handled at the present time has been disposed of. All those who have been seen are unanimous in their approval of the

choice of site made by the local management.

COMMISSIONER SCOTT ON SITE SELECTION.

Commissioner Philip D. Scott of Arkansas, who is one of the young men of the commission, arrived in St. Louis yesterday morning and registered at the Planters. He stated that he had arranged his business affairs so that he could be away from home as long as his World's Fair duties might keep him. He was glad when the summons reached him, as he believes that no time should be lost in the actual building of the Fair.

"I did not get tired waiting," said Mr. Scott, "because I was well aware of the importance of the site question on which the local management was working, and believe not one day too long was spent upon it. The success of the Exposition depends largely upon the merit of its site. A month's delay caused by study and work on the selection of an advantageous location is really not a delay at all."

"I see no reason why the members of the National Commission should fail to agree on the site selected by the local management. When I was here in April I drove through the property and thought at the time that it would be an admirable location for the World's Fair. Of course it is impossible for me to state what action the commission will take on the matter. This, however, is true: all our members have expressed themselves anxious to work in complete harmony with the St. Louis people. It is our duty to do so."

"I am at the disposal of the local management, and will go to Buffalo for the opening of your building at the Pan-American Exposition if invited to do so. I do not know what other work the commission will do now. It is probable that the Board of Lady Managers will be discussed. It is possible that some appointments will be made on this board. We discussed the matter when last in St. Louis, but nothing final was agreed to."

PROBABLE ACTION OF NATIONAL COMMISSION.

Commissioner John F. Miller, the railroad man of the commission, arrived in St. Louis from his home in Indiana yesterday morning. Continued, Page Two, Column Five.

without debate and without a dissenting voice. The result was received with renewed applause.

President Francis expressed the thanks of the Executive Committee for the unanimous adoption of the recommendation. A motion to make public the result was carried unanimously.

Before the board adjourned Vice President Kennard offered a resolution of thanks to the Site Committee for the labor performed and of congratulation for the very satisfactory result reached in the recommendation of Forest Park. The resolution was adopted unanimously, and again the board manifested applause.

The motion was carried directing the Executive Committee to report to the National Commission the action of the board on the question of location of the Fair.

ADDITIONAL WORLD'S FAIR COMMITTEES.

President Francis then announced the following additional committees:
